

GVD ENGINEERS & CONTRACTOR PVT LTD

Delivering Excellence in Civil, Interior & EPC Projects

ABOUT US

GVD Engineers & Contractor Pvt LTD was formerly operating as GVD Engineers & Contractor, a proprietorship firm, was founded with a clear and committed vision - to deliver Quality and Honest Service in every project we undertake. Over the years, we have grown into a multidisciplinary engineering and contracting organization offering end-to-end solutions across a wide spectrum of services.

We specialize in Complete Interior Works, Civil Construction, Electrical Installations, Networking, Fire Alarm Systems, Firefighting Systems, HVAC Works, and full-scope MEP Services. In addition, we are engaged in the manufacturing of LT Panels, Control Panels, and Relay Panels, ensuring complete in-house capability for project execution.

GVD Engineers & Contractor undertakes **Turnkey Projects, Design-Build Assignments**, and **EPC** (Engineering, Procurement & Construction) Projects, enabling clients to benefit from a single-window solution for planning, execution, and delivery.

Our project experience covers industrial, residential, commercial, corporate interiors, and communication facilities. The diverse range of successfully

completed projects demonstrates our flexibility, technical proficiency, and ability to meet complex challenges with integrated solutions. With strong in-house resources and skilled manpower, we can draw upon almost any expertise a project demands.

We remain committed to understanding client needs and delivering optimum, cost-effective, and reliable solutions—ensuring quality, safety and timely completion at every step.

VISION

Our vision is to acquire a remarkable position and technical excellence in providing competent services and solutions to our clients and customers.

MISSION

Our mission is to enhance business competence for valuable clients through continuous investment on skills, training & tools.

FOUNDER STATEMENT

As The Founder and Director of Organization, I Take Great Pride in The Journey We've Undertaken Since Our Inception. What Began As A Small Initiative Driven By Passion And Purpose Has Growing Into A Trusted Name, Thanks To The Unwavering Support Of Our Valued Customers And The Dedication Of Our Team. Our Focus Has Always Been On Delivering Quality, Building Trust, And Creating Value —Principles That Continue To Guide Us Every Day. We Remain Committed To Innovation, Continuous Improvement, And Expanding Our Services To Meet The Evolving Needs Of Our Clients. I Extend My Heartfelt Gratitude To Everyone Who Has Been Part Of Our Success Story.”

MAHESH KUMAR GULATI
FOUNDER

WHAT WE DO

OPERATIONAL CAPABILITIES

Integrated EPC Services

1. Civil & Interior Engineering

- Comprehensive civil construction and infrastructure development
- Turnkey interior execution for commercial and institutional spaces
- Advanced false ceiling and partition systems
- Specialized flooring solutions (industrial & architectural)
- Plumbing, sanitary, and internal utility services
- Professional painting, coating, and waterproofing treatments
- External façade finishing and rehabilitation
- Heritage structure conservation and restoration
- Structural repair, retrofit & strengthening works
- Annual facility maintenance for buildings (AMC)

2. Electrical & Power Distribution Systems

- Installation, testing & commissioning of LT & HT panels
- End-to-end power distribution system integration
- Transformer erection and commissioning
- Internal & external electrical wiring solutions
- Structured cabling, raceway & conduit installations
- Architectural and industrial lighting solutions
- UPS systems, DBs, and custom control panel installations
- Integrated CCTV, access control & surveillance solutions
- Preventive and comprehensive AMC for electrical systems

3. HVAC Engineering Solutions

- Complete HVAC system installation and commissioning
- Centralized air-conditioning systems for commercial spaces
- VRV/VRF, ductable, cassette & split AC solutions
- Fabrication and installation of GI/PI ducting systems
- Precision cooling solutions for server rooms & data centers
- System upgradation, optimization & preventive maintenance (AMC)

4. Fire Fighting & Life Safety Systems

- Design and deployment of intelligent fire alarm systems
- Smoke detection, fire panels, sounders & safety interfaces
- Automatic sprinkler systems
- Fire hydrant network installation
- Fire pump room setup and commissioning
- Emergency lighting and structured evacuation systems

5. Networking, ICT & Communication Systems

- LAN & WAN network design and implementation
- Structured data cabling (CAT6 / CAT7 / OFC)
- Server room design, data rack configuration & structured layout
- Integrated hybrid wiring systems
- Access control infrastructure and biometric systems
- Audio-Visual (AV) and Public Address (PA) system integration

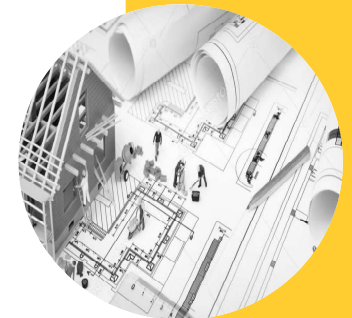

MARKETS WE SERVE

- ✚ Commercial & Corporate Offices
- ✚ Hospitality & Leisure Developments
- ✚ Data Centers & Mission-Critical Facilities
- ✚ Industrial & Heavy Engineering Facilities
- ✚ Manufacturing & Production Units
- ✚ Residential & Mixed-Use Developments

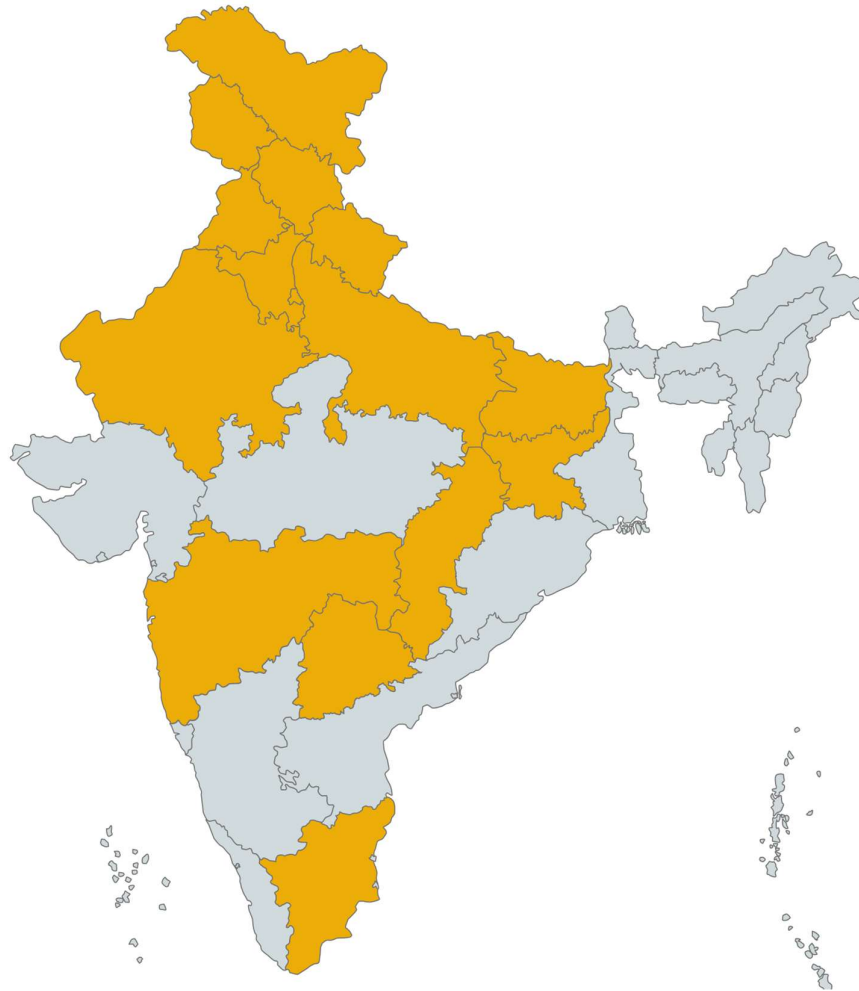

- ✚ Healthcare & Medical Infrastructure
- ✚ Biotechnology & Life Sciences Facilities
- ✚ Pharmaceutical Manufacturing & R&D Facilities
- ✚ Educational & Institutional Campuses
- ✚ Warehouse Spaces

WHY GVD ?

GEOGRAPHICAL FOOTPRINTS & PROJECT EXPERIENCE

GVD ENGINEERS & CONTRACTORS PVT. LTD. executes projects on a pan-India basis, with successfully delivered civil, interior, MEP, and EPC projects across multiple states. our geographical reach reflects our ability to mobilize resources efficiently, adapt to regional requirements, and deliver projects with consistent quality, safety, and compliance.

STATES WHERE WE HAVE SUCCESSFULLY DELIVERED PROJECTS

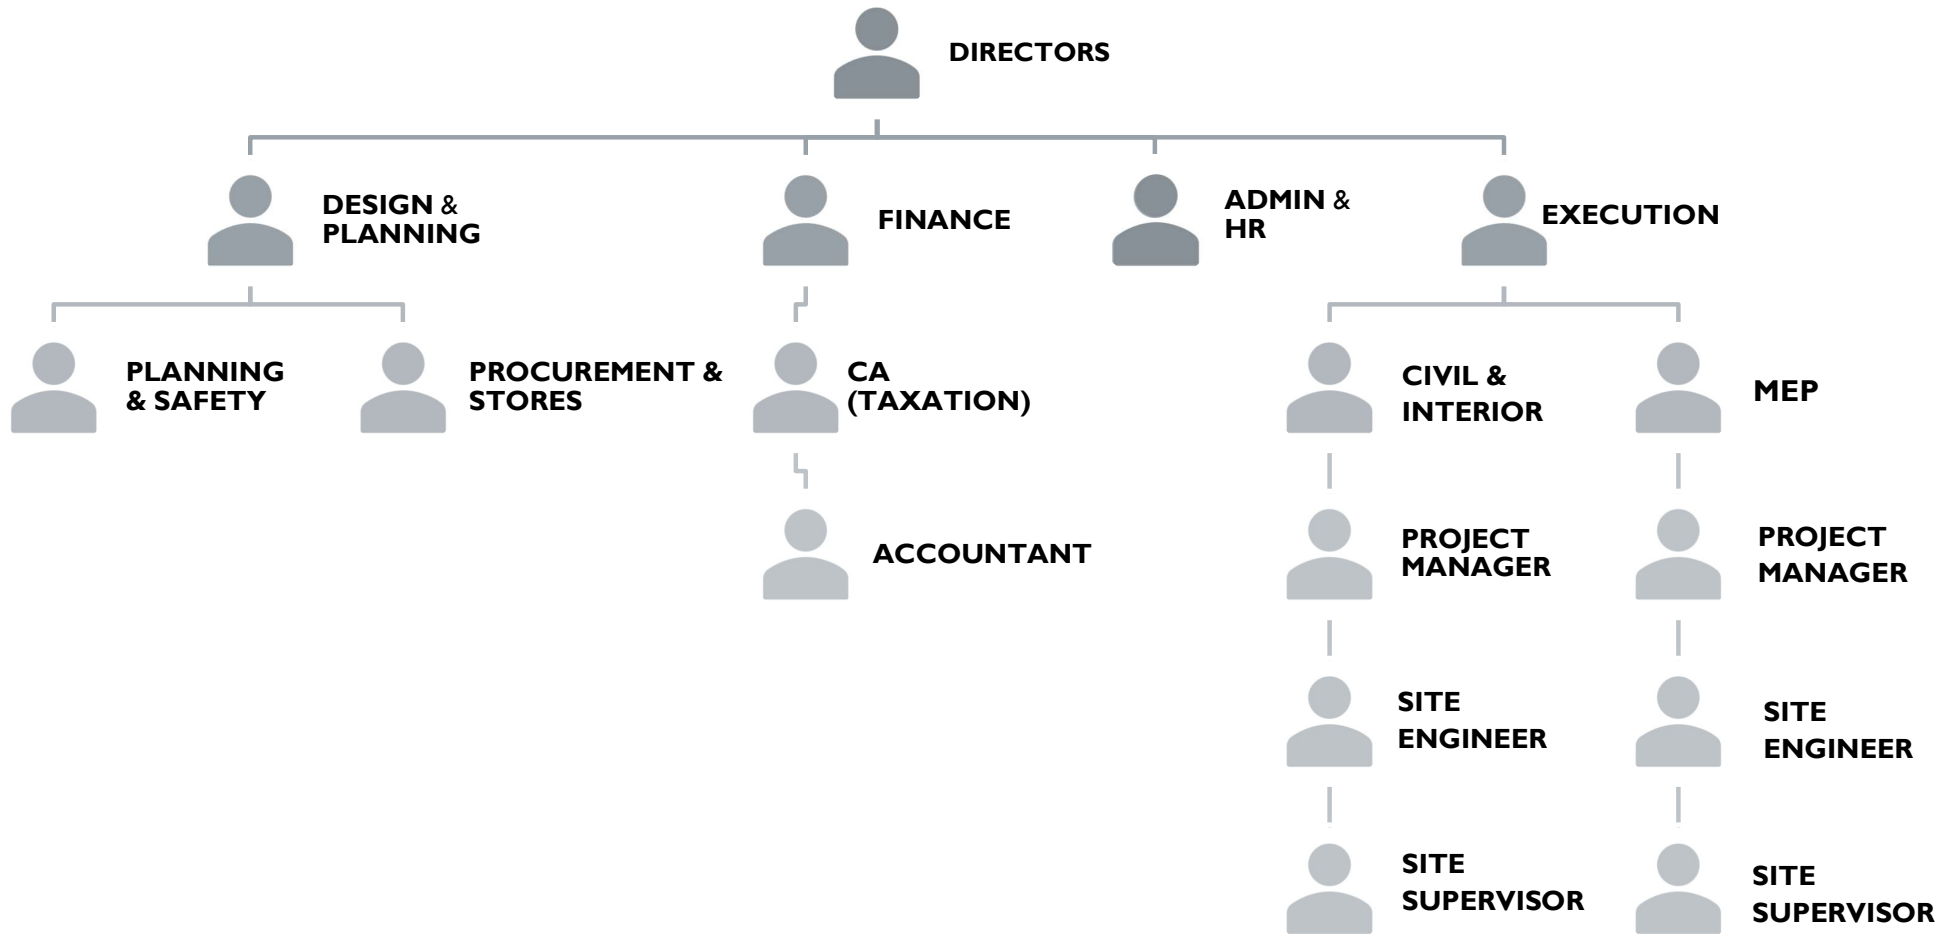

Completed project locations

❖ **Pan-India execution** supported by experienced project teams and centralized project management.

ORGAISATIONAL CHART

OUR VALUABLE CLIENTS

PAST PROJECTS

S. No	Contract Value	Name of the client	Place of work	Year	Scope of work details	Area	Project Type
1	1.80 Crores	Alpha Building Services Pvt. Ltd	Aims Hospital Raipur Chhattisgarh	2014	Electric work (PA, Fire, CCTV, Access, Low Side Work	125000 sqft	commercials Project
2	3.95 Cores	Birla soft India Ltd.	Hyderabad - Nanakramguda Village	2015	Electrical, CCTV & Access, Sprinkler, FAS/ PASS/ RPR/ NOVES/ ASP/ WLD	130,000 sqft	commercials Project

Site at – IOCL Sector 13, Faridabad, Haryana 121007

ELECTRICAL WORK

YOTTA DATA CENTRE, NOIDA

In safeguarding the data center, firefighting measures are paramount to ensure uninterrupted operations and the protection of critical infrastructure. Our approach to fire safety at Yotta's data center is comprehensive and proactive.

Our facility is equipped with state-of-the-art fire detection systems that utilize advanced sensors to detect even the smallest indicators of smoke or heat anomalies. These systems are interconnected with our central monitoring station, ensuring that any potential fire threat is immediately identified.

The pump room is equipped with redundant pumps and controllers to guarantee uninterrupted operation, even in the event of maintenance or unforeseen issues. This redundancy is essential to maintain consistent cooling levels and uphold the optimal operating conditions required for our equipment's performance and longevity.

*** Execution of Fire Pump Room and Fire Alarm Control Panel Room works at Yotta Data Centre, Greater Noida ***

SHAH TC WAREHOUSE, SONIPAT

Executed comprehensive warehouse infrastructure works, including structural coordination, high-bay industrial lighting installation, electrical power distribution, and fire protection integration. The project involved systematic installation of energy-efficient LED lighting, cable routing, and coordination with fire sprinkler systems to ensure optimal illumination, safety compliance, and operational efficiency. All works were carried out in line with industrial standards, safety norms, and project timelines.

PROP SOLUTIONS4U PVT LTD, MUMBAI

Prop Solutions4U Pvt. Ltd.

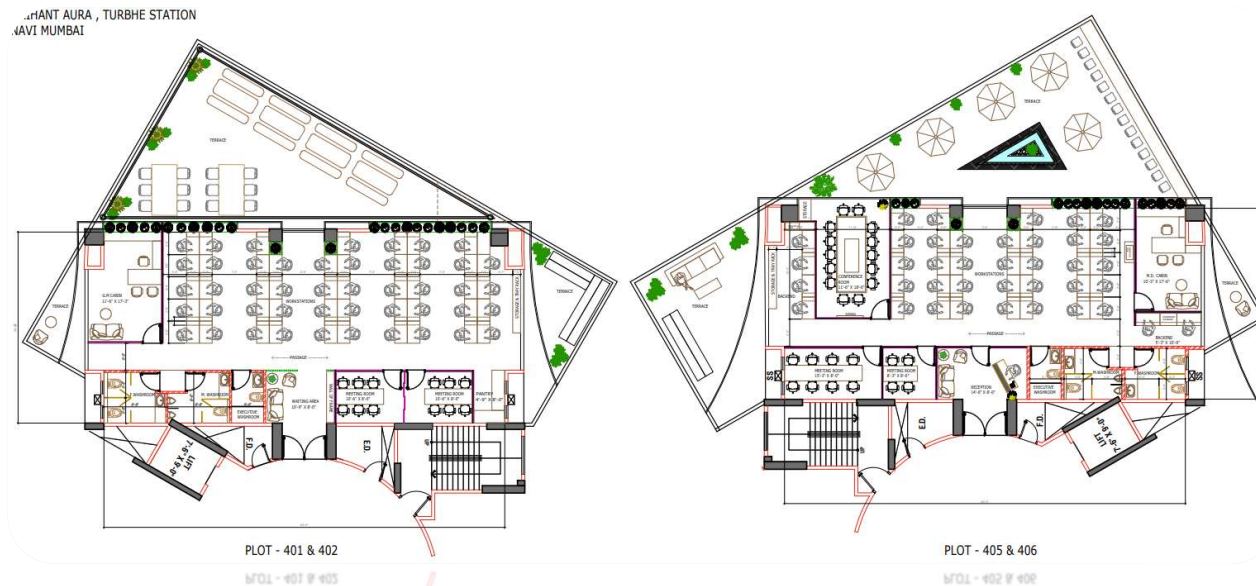

Turnkey Office Fit-Out – Design & EPC Execution

Executed a complete turnkey office fit-out project encompassing civil works, interior finishes, and integrated MEP services. The scope included space planning and execution of open workstations, cabins, conference rooms, meeting rooms, collaboration areas, and support spaces, designed to optimize functionality and workflow.

Civil and interior works comprised partition systems, false ceilings, flooring, wall finishes, custom furniture, and detailed finishing aligned with modern corporate standards. Electrical works included LT power distribution, structured cabling, lighting systems, and installation of power outlets to support operational requirements.

HVAC systems were installed and commissioned to ensure efficient climate control across all occupied zones, including ducting, air distribution, and controls. Fire fighting and fire alarm systems were executed in compliance with statutory safety norms, including detectors, sprinklers, panels, and evacuation components.

Public Address (PA) and communication systems were integrated to support effective internal communication and emergency announcements. The project was delivered as a single-point EPC responsibility with coordinated execution across all disciplines, ensuring quality, safety, and timely completion.

**SITE DELIVERED AT
ARIHANT AURA,
NAVI MUMBAI**

Turnkey execution of a corporate office including civil, interior, electrical, HVAC, fire protection, and PA systems, delivered under integrated EPC scope.
